Subject: Augusta Water Board Compensation Adjustment Request

Background Information

Augusta Water currently compensates Board Members at the rate of \$100 per each full Board Meeting and \$50 per each Committee Meeting. This compensation is included in Augusta Water's annual Expense Budget and is funded solely by water and wastewater fees and rates.

A review of our Board Meeting Minutes did not find any mention of initiating this schedule of compensation, nor any mention of adjusting it in the past. A review of past annual operating budgets indicates that as far back as FY-94 a similar amount to what we now budget for Board Expenses (actually slightly more) was included. Records from before FY-94 were not readily available.

A number of other water and waste authorities were polled as to their level of compensation and that data is attached.

Since our FY-94 budget was approved, our operating budget has increased by 580% and cumulative inflation has increased 216%. As mentioned above, Board compensation appears to have remained unchanged over that same period.

Per §15.2-5113-C of the Virginia Water and Waste Authorities Act, "Board members shall receive such compensation as fixed by resolution of the governing body or bodies which are members of the authority, and shall be reimbursed for any actual expenses necessarily incurred in the performance of their duties."

Augusta Water Board Action

At the May 16, 2024 meeting, our Personnel Committee made a recommendation, which the full Board approved, to request that the Augusta County Board of Supervisors consider an increase for our Board members' compensation.

The Personnel Committee Report included the following recommendations for consideration, and the Augusta Water Board respectfully offers them to the Board of Supervisors as suggestions:

1. Increase payments for regular Board of Directors to \$200 per meeting. This would include full Board Meetings as well as Committee Meetings.
2. Increase payments for Board Chair and Vice-Chair to \$250 per meeting. This would also include full Board Meetings as well as Committee Meetings.
3. These increases could take effect on July 1, 2024 and would be effective through June 30, 2025.
4. Adopt an annual increase of \$10 per meeting that would be effective July 1st of each year, beginning July 1, 2025 and continuing through July 1, 2034.
5. Prior to June 30, 2035, the Augusta County Board of Supervisors may consider the compensation for the Augusta Water Board of Directors and make any necessary adjustments for upcoming years.

Best regards

GOLF CART PETITION

This being the day and time advertised to consider an ordinance amendment to Chapter 14, Section 14-63.

Funding Source: Riverheads Infrastructure 8015-94 \$213.60

Doug Wolfe, Director of Community Development, stated that residents in Cranberry Hills subdivision have requested to permit operation of golf carts in their subdivision. This requires a public hearing to amend the County Code, which has been advertised in accordance with the Code of Virginia. As noted in the staff report, both the Sheriff's Office and the Virginia Department of Highways are comfortable with the request. The cost for advertising was \$138.60 and signs were \$75.00. Mr. Wolfe pointed out that the street names listed in the agenda package are not all correct. The ordinance before the Board members this evening is now corrected. The streets in questions are Cranberry Drive (Route 1065), Foliage Circle (Route 1067) and Sandy Court (Route 1066).

The Chairman opened the public hearing.

There being no speakers, the Chairman closed the public hearing.

April 24, 2024, at 7:00 p.m.

GOLF CART PETITION (CONT'D)

Mr. Shull moved, seconded by Ms. Bragg, that the Board approve the ordinance amendment as presented and use funds from his infrastructure account.

Vote was as follows: Yeas: Slaven, Carter, Shull, Garber, Wells, Bragg and Seaton
Nays: None

Motion carried.

CONTRIBUTION AGREEMENT FOR TOURISM GRANT PROGRAM

The Board considered the Tourism Grant Contribution Agreement.

Timothy Fitzgerald, County Administrator, stated that every year the County does a Tourism Grant Program through the EDA where the County accepts applications for tourism expanded facilities and marketing. Those applications are reviewed and grant money is issued to different tourism activities throughout the County. \$50,000.00 is set aside from the tourism account to go towards this effort. The dollars have to go through the Economic Development Authority to the tourism venues. The contribution agreement is needed in order to move the \$50,000.00 over to the EDA and then the EDA will disperse the funds to those who are awarded the contract.

Ms. Bragg moved, seconded by Dr. Seaton, that the Board authorize the Chair of the Augusta County Board of Supervisors to execute the Tourism Grant Contribution Agreement between the County of Augusta and the Economic Development Authority of the County of Augusta.

Vote was as follows: Yeas: Slaven, Carter, Shull, Garber, Wells, Bragg and Seaton
Nays: None

Motion carried.

FIRE-RESCUE FUND GRANT REVIEW

The Board considered the Fire-Rescue Fund Grant Committee's funding recommendations.

Mr. Fitzgerald stated that the committee recommends \$6,653.26 to Craigsville Volunteer Fire Company in order to purchase RESQJACK, \$9,500.00 to Middlebrook Volunteer fire Company for a new generator, \$11,838.00 to New Hope Volunteer Fire Company for a gear extractor and drying cabinet, \$11,838.00 to Riverheads Volunteer Fire Department for a gear extractor and drying cabinet, and \$10,170.74 to Weyers Cave Volunteer Fire Company for two Super VAC 16" Battery Powered Positive Pressure Fans.

Mr. Garber moved, seconded by Ms. Carter, that the Board approve the committee's recommendations.

2024 TAX RATES

The Board considered the real and personal property tax rates for 2024.

	<u>Current</u>	<u>Proposed</u>
Real Estate	\$0.63	\$0.52
Personal Property -- auto & motorcycle, campers boats, boat trailers, horse trailers airplanes, trailers	\$2.60	\$2.60
Personal Property -- business, large trucks and trailers, machinery & tools	\$2.00	\$2.00

Ms. Cook stated that the advertised budget included a real estate tax rate of \$0.52 per \$100.00. This rate would be \$0.10 higher than the equalized rate of \$0.42 per \$100.00. This is due to the 2024 reassessment. The equalized rate is the rate that would levy the same amount of real estate taxes as last year. Personal property for all categories would remain unchanged. Current rate of \$2.60 per \$100.00 for vehicles, campers, boats and trailers. The rate would be \$2.00 per \$100.00 for business personal property. It is important to note that the advertised rate is the highest rate that this Board can adopt for 2024, but it can be lower. A public hearing was on held April 17, 2024 with eight speakers concerning the 2024 tax rate.

Ms. Carter stated that she was hoping to drop the \$0.52 down by a few pennies, but she realized she does not have support from the other Board members.

Mr. Wells moved, seconded by Mr. Garber, that the Board approve the 2024 tax rates as presented.

Mr. Shull stated that not all Board members agree with everything in the budget, but most of the proposed budget items have four votes or more so most everything proposed has the votes to carry it through. We may not agree with everything in the budget, but in order to pay the bills the tax increase is necessary.

Vote was as follows: Yeas: Slaven, Shull, Garber, Wells, Bragg and Seaton
 Nays: Carter

Motion carried.

REVISED BUDGET FOR FY2023-2024

The Board considered the revised budget for FY2023-2024.

Ms. Cook stated that the FY24 revised budget totals \$324,615,478.00. This includes \$88.4 million in transfers between funds. A public hearing was held on this matter on April 17, 2024 with no speakers from the public.

Dr. Seaton commented that he can vote for the budget because it includes body cameras. He feels there are two problems with the budget, but will still vote for it. The Valley Children's Advocacy has funding issues. It is a non-profit 501C3 organization that serves children and families in the area who have suffered from sexual abuse and are going through the court systems. Their funding has dropped seventy five percent from federal funds since 2019 and this year they are experiencing a \$150,000.00 deficit despite increased funding from the County. Dr. Seaton would like to find a way to increase funding from the County. In the current proposed budget there is a pay raise for Constitutional Officers that totals \$39,912.00 on top of their salaries set by the state legislature.

Ms. Bragg recommends waiting on this transfer due to the State budget not being completed yet. It has been recommended that localities send a letter to legislators asking for the funding to be reinstated.

Ms. Bragg stated that there is currently \$20,000.00 being funded in the proposed County budget.

Dr. Seaton stated that the total budget for the center is \$600,000.00 so this is a twenty-five percent deficit to what their total funding is, which is a large deficit. This is something that can benefit three hundred traumatized children.

MATTERS TO BE PRESENTED BY THE PUBLIC

Steve Morris, 203 Hotchkiss Road, Churchville, thanked the Board for adding additional staff at the Churchville Fire Department. In the future there will need to be more staff in Deerfield, Craigsville and Mt. Solon.

Carson Holloway, 929 Patterson Mill Road, Grottoes, is concerned with the Fire/Rescue budget and feels there is unnecessary expense.

Randall Wolf, Stuarts Draft, requests that action be taken and the Board work with VDOT to get a cross walk with flashing lights put in on Route 250 at the Library and also at every other library, at the schools, government buildings and parks. The streets need to be made safer for all users.

Linda Ellis, 137 Mill Stone Drive, Verona, received a notice regarding limiting water usage and was given less than twenty-four hours of notice. She requests that there be more notice given.

Laura Hayes, 1340 Sangers Lane, Staunton, is concerned with Smart Meters and asked that the Board protect the citizens of the County and affirm the citizens right to an analog meter minus any fee, cost or penalty by passing a resolution regarding this.

* * * * *

MATTERS TO BE PRESENTED BY STAFF

Mr. Fitzgerald discussed the following:

- 1) VDOT has requested letter stating that The County will donate the right of way for the Mill Place entrance project.
- 2) April is Child Abuse Prevention Month.
- 3) Today in Richmond, the Attorney General had an award ceremony called The Unsung Heroes Award Ceremony for people who work hard for the protection of children. Rebecca Simmons, Director of the Valley Children’s Advocacy Center was a recipient of the award.
- 4) Spring clean up week is happening and will finish up on April 27th.

* * * * *

MATTERS TO BE PRESENTED BY THE BOARD

Dr. Seaton stated that he is going to discuss with the MPO what needs to be done to get a crosswalk at various locations. During the last two Board retreats the Board discussed what can be done to help revitalize and return to use structures in the county that are not being used. One solution discussed was creating some tax incentives that help the property owner revitalize the structure while keeping taxes level for a few years. He questioned if this would be allowed by the State.

James Benkahla, County Attorney, stated that there is a provision for this and he will look into it.

Dr. Seaton asked that the Fire Fighter Cancer Screening be placed on the agenda for May 8th to discuss beginning a program of screening for fire and rescue personnel.

April 24, 2024, at 7:00 p.m.

MATTERS TO BE PRESENTED BY THE BOARD (CONT'D)

Ms. Bragg stated that volunteers are showing an interest in the cancer screening as well.

Mr. Wells attended an event recognizing the bus drivers for the schools.

Mr. Shull moved, seconded by Mr. Garber, that the Board approve waiving the fee for 2 large tractor tires or large truck tires at the landfill during Spring Clean Up.

Dr. Seaton stated that the purpose of recycling of the tires is to get them out of the ravines and rivers. The tax payers do not need to pay for farmers' tires to be recycled.

Ms. Carter recommends evaluating this for next year since Spring Clean Up is already happening.

Ms. Bragg agrees with holding off on this change.

Vote was as follows: Yeas: Slaven, Shull and Garber
 Nays: Carter, Wells, Bragg and Seaton

Motion failed.

Ms. Carter clarified that money for Craigsville infrastructure would come from the state budget. She requested an update on the radio system, broadband and the Animal Shelter.

Mr. Fitzgerald stated that the Animal Shelter Board met this week and continue to work on negotiations with Harmon Construction and making small changes to the project in order to get to a more manageable budget number. It is anticipated that by the end of May or first part of June to be able to present a contract and move forward with the project.

Jennifer Whetzel, Deputy County Administrator, stated that work is still being done on the technical parts related to the infrastructure side of the regional radio project. The DC plants have been evaluated at each site. Deerfield needs new batteries, but the other sites tested okay. Structural analysis reports were prepared for each of the tower sites in the whole region. There are minor modifications needs at Devil's Knob and Massanutten from a structural standpoint in order for them to hold all of the equipment that will be on them upon completion. Staff attended the microwave staging and one minor issue has been resolved. All eleven microwave sites passed the factory acceptance testing. Plans are initiated for shipping everything for storage here in the region. Fleet mapping exercises were also performed. Once all tower sites are analyzed, the leases will be looked at related to what equipment will be on all of the sites and then construction will begin.

The VATI 2021 grant, which is with MGW, is at ninety-five percent completion. That grant has been extended through June 30, 2024. The VATI 2022 grant with All Points is still preparing and submitting permits for all of the electric poles with Dominion Energy and SVEC in our district. The utilities are reviewing those permits and doing any make ready pole work that needs to be done in order for the fiber to be secured on those poles. The Notice to Proceed has been issued for about three thousand two hundred poles, but they want to get enough poles in the queue so that when the contractors move to this area they stay in the area and have plenty to work on.

Ms. Bragg asked if there were set dates for the Board of Equalization meetings.

Ms. Whetzel stated that those dates would be coming out soon.

Mr. Shull requested a list of events for the volunteer fire departments.

April 24, 2024, at 7:00 p.m.

MATTERS TO BE PRESENTED BY THE BOARD (CONT'D)

Dr. Seaton reminded everyone that the Personal Property forms are due by May 1st.

Mr. Slaven thanked the Board members for their hard work on the budget.

- 4) Jennifer Whetzel, Deputy County Administrator, updated the Board on the reassessment hearings and the Board of Equalization process.
- 5) Ms. Whetzel stated that there was a delay starting with the procurement process and it pushed everything out to extend it by court order for the three extra months available. In order to provide the best work product and meet all of the statutory requirements of the reassessment process, the tax bills will be mailed a little later than usual.
